Jury May Get McElroy Case Today

Fred McElroy, 69-year-old retired oil dealer charged with first degree murder, took the stand in his own defense yesterday and admitted to fatally shooting his wife to death.

His wife, Mrs. Lamour McElroy, 54, was fatally shot November 11, 1967.

Under questioning by the prosecution McElroy did not give any reason for the shooting.

Defense witnesses were expected to finish testimony Wednesday morning and there seemed to be chance the case might go to the jury during the afternoon.

Girl Scout Day Camp May 27-31

Hope Girl Scout Day Camp will be held at Dyke Springs from May 27 through May 31. Mrs. Howard L. Jackson is director; Mrs. Gail Sinyard, assistant director; Mrs. Arch Wylie, business manager; Mrs. Gordon Tyler, equipment manager; and Mrs. Billy Don Hamm, nurse. Many program aides have volunteered to teach Arts and Crafts, Music, Dancing, and Nature during the afternoons.

It will cost \$3 for Registered Scouts to attend the camp and \$4 for Non-Registered Scouts. An additional \$1 will be charged for those who need bus transportation to the site.

Registration will be held Tuesday and Wednesday May 7 and 8, from 4 to 6 p.m. at the Girl Scout Little House in Fair Park. These are the only days that reservations will be taken, and it is important that all children who wish to attend be at the Little House on these dates to register. The camp "flyers," which have already been distributed, should be fully filled out and presented at this time, along with the camp fee.

Tells Nation Not to Be Discouraged

BLYTEVILLE, Ark. (AP)—Secretary of Agriculture Orville Freeman said here Tuesday night the nation should not be "discouraged and disheartened" by national unrest.

"Unrest is part of the change," Freeman told some 300 Democrats at a \$25-a-plate fund raising dinner. "We must maintain our 'cool' and confidence."

"Today's unrest does not reflect on the soundness of this country," he said. "It shows that the nation seeks to carry on the great revolution of our founding fathers."

"Much of our present trouble is due to a policy of other years when we let things happen without doing much about it," he said. "Now, we are dealing with the problem."

At a news conference earlier, Freeman said he saw a need for a special agricultural program for small farmers separate from the "commercial program of America's prosperous agricultural industry."

Undoing Ready-to-Wear Termed as Much Work as Seamstress Did

By JOY STILLEY
NEW YORK (AP) — The garment industry classifies the clothing I buy in department stores as ready-to-wear, but I take issue with that designation.

By the time I have removed all the price tickets, tags, labels, washing instruction cards, strings, fiber content affidavits and pins from my purchases, I feel I've done about as much work as the seamstress who made them.

It's all very interesting reading matter, though, and it does make for sparkling conversation, should anybody compliment me on a dress.

"This old thing?" I say nonchalantly. "It's just a little wrinkle-resistant blend of 87 per cent viscose rayon, 5 per cent imported silk and 8 per cent acetate tricot, bonded to 100 per

Cites Value of Explosions

LOS ANGELES (AP) — A University of California geophysicist says underground nuclear explosions may sometime be worth \$500 billion to the U.S. economy through the minerals they release.

G.H. Higgins of the Lawrence Radiation Laboratories at Livermore, Calif., said Thursday the explosions will be used to free natural gas, oil and metals, especially copper.

No County Office Is Contested

The deadline for filing passed at 12 o'clock noon today and all major county officials escaped opposition.

However, Representative Talbot Field Jr. got two opponents in his bid for re-election to the Arkansas House. Arthur Streech had earlier filed as a Democratic foe and Jim Pruden filed on the Republican ticket.

In the district incumbent Prosecuting Attorney Bill Denman Jr. of Prescott will be opposed by W. H. "Dub" Arnold of Arkadelphia in the 8th District.

Democratic incumbents who failed to draw opposition were Judge Finis Odom, County Tax Assessor Carter Sutton, Sheriff Jimmie Griffin, Circuit Clerk Jim Cole, Treasurer Harry Hawthorne, County Clerk Pat McCain and Coroner J. T. Honeycutt.

Reds Attack U.S., War on May Day

The Vietnam war loomed large in May Day demonstrations around the world today. Communist speakers attacked the United States. South Vietnamese leaders attacked the Communists. The United States generally ignored the workers' traditional holiday since it celebrates Labor Day in September.

Soviet Defense Minister Andrei A. Grechko in his annual order of the day told Russian troops the Soviet Union supports the Vietnamese Communists "to the utmost." He called the struggle against the United States and its allies in Vietnam a "sacred war" and denounced the Americans as "invaders."

South Vietnam's President Nguyen Van Thieu told a labor rally in Da Nang that South Vietnam will never negotiate with the Viet Cong and will not cede "even one centimeter" of land to North Vietnam.

Around the world parades and rallies were held to celebrate labor's traditional day.

In Tokyo, 200,000 persons assembled to hear Socialist and Communist speakers urge the overthrow of Prime Minister Eisaku Sato's government. The Spanish government massed police and civil guards in Madrid and other industrial cities.

Grechko also reviewed the annual Soviet military parade through Red Square and in a short speech accused the United States of "creating the danger of a new world war."

\$100 Million Building Shows Senate Talks One Way and Votes Another

By CARL P. LEUBSDORF
Associated Press Writer
WASHINGTON (AP) — The Senate, which voted only last month to boost taxes while slashing federal spending \$6 billion, now has taken a first step toward giving itself a new office building critics contend will cost the taxpayers \$100 million.

The vote was 42 to 33 Tuesday for a measure authorizing \$1.25 million for acquisition of a site for what would be the third Senate office building.

The approval overrode protests by Sen. John J. Williams, R-Del., author of the Senate-passed tax hike-spending cut measure, who contended congressional economy should start at home.

Williams, noting that until 10 years ago the Senate had only one office building for 96 members, said the construction would about triple the office space although only 4 more senators—those from Alaska and Hawaii—have been added in that period.

Sen. B. Everett Jordan, D-N.C., managing the bill, rejected Williams' assertion the land is being bought "with the ultimate intention of building another \$100 million office building."

A preliminary estimate, Jordan said, is that the building will cost \$29.4 million. Money for the land acquisition still must be appropriated, and any construction also would face the dual authorization-appropriation process.

GOP Economy Group Wants Annual Tax Cuts as Soon as War Ends

By EDMOND LeBRETON
Associated Press Writer
WASHINGTON (AP) — The Republican Coordinating Committee, accusing the Johnson administration of fomenting a kind of "fiscal socialism," called today for regular annual reductions of income taxes beginning as soon as the Vietnam war ends.

The committee, representing major GOP elements, made no outright recommendation on whether a tax increase should be imposed in the meantime. But it acknowledged such action might be necessary as a last resort when all possible reductions in spending have been made.

Any such increases, it said, should provide for early termination.

These were among key conclusions in a 75-page report laden with criticism of Democratic fiscal policies and entitled "An Economy in Crisis."

The committee said administration antipoverty efforts have failed, producing "crushing disappointment for the affected citizens" and "substantially increased tensions" in urban slums.

Two Emmet Students Outstanding

The Outstanding Americans Foundation has announced that Ginny Lynne Lambert and Thomas Kirby from Emmet High School have been selected as Outstanding Teenagers of America for 1967.

Ginny Lynne Lambert, daughter of Mrs. Virginia Cain, and granddaughter of Mrs. Myrtle Douglas is in the 11th grade. Ginny is President of the Junior Class this year, selected as a delegate to Girls State and plays basketball.

Thomas Kirby, son of Mrs. Jessie Johnson, is a Senior this year. He is President of the Student Council, and has played basketball the past two years.

These students will compete for state and national awards in the Outstanding Teenagers of America Program. The Outstanding Americans Foundation, a nonprofit foundation dedicated to honoring, inspiring and encouraging young people to take full advantage of the opportunities in American, sponsors this awards program annually.

Rockefeller Draws GOP Opponent

LITTLE ROCK (AP) — Two more gubernatorial hopefuls filed today shortly before the deadline, giving the Democrats a six-man race and the Republicans a choice between Gov. Winthrop Rockefeller and a political unknown.

Filing today were Clyde Edwin Byrd, former executive director of the Arkansas Livestock Exposition and a Democrat, and S. C. "Sid" Roberts of Little Rock, a sales representative who opposes Rockefeller in the GOP primary.

Truman Altenbaumer, state GOP director, said Roberts paid his \$1,500 filing fee in cash and said he was on his way to the state Capitol to file a corrupt practice pledge and complete qualifying as a candidate.

Altenbaumer said Roberts claimed to be a lifelong Republican. He left a card identifying himself as a representative of Stephens Manufacturing Co., Inc., of Muskogee, Okla.

Altenbaumer said he assumed Roberts was a qualified elector. The lineup for the major offices that will be contested this year promises the state an interesting summer.

The Republicans will field a full slate of candidates, but only Rockefeller among them will have primary opposition.

Among the major office holders, only U.S. Reps. Wilbur D. Mills of Kensett and David Pryor of Camden and Chief Justice Carleton Harris of the state Supreme Court escaped either Democratic or Republican opposition.

With no incumbent returning in the Democratic primary, the governor's and 1st Congressional District races promise to be the most hotly contested.

The candidates for governor along with Byrd are Little Rock insurance executive Frank Whitbeck, former Atty. Gen. Bruce Bennett of El Dorado, Rep. Marion Crank of Foreman, Ted Boswell, a Little Rock lawyer, and Virginia Johnson, wife of the 1966 Democratic gubernatorial nominee.

While Mrs. Johnson contests for governor, her husband Jim will be among three persons challenging Sen. J. William Fulbright in the Democratic primary. The other Democrats are Foster Johnson of Little Rock, who ran unsuccessfully against Sen. John L. McClellan in 1966, and Bobby K. Hayes of Calico Rock, a political unknown.

Battle Has Left 616 Enemy Dead

By GEORGE ESPER
Associated Press Writer
SAIGON (AP) — Fighting raged today for the third straight day in the northeast corner of South Vietnam, where U.S. and South Vietnamese troops reported killing 616 of the enemy in the past two days.

Military spokesmen said 43 Americans were killed and 221 wounded in heavy fighting Tuesday. The South Vietnamese lost six killed and 17 wounded. Allied casualties in two days of fighting in this sector totaled 60 killed and 279 wounded.

Military spokesmen said units of the U.S. 3rd Marine Division and South Vietnamese Infantry men regained contact about noon with a sizable North Vietnamese force near the Marine division's headquarters at Dong Ha. U.S. fighter-bombers and artillery were pounding the enemy positions.

It appeared that the Communist command might be shifting pressure to South Vietnam's northeast corner from the northwestern section, where the U.S. Marine combat base at Khe Sanh was under siege for 77 days earlier this year.

The Marines and government troops fought day-long battles Tuesday as they swept the northeast seacoast to take pressure off allied bases just below the demilitarized zone and off their land supply line, Highway 1. The allied forces are operating within a mile of each other and about nine miles below the eastern flank of DMZ.

After large clashes Monday near Hue and Dong Ha, the allied forces fought until nearly midnight Tuesday north and east of Dong Ha, and other allied troops drove off an enemy attack near Quang Tri City, eight miles farther south.

South Vietnamese forces reported killing 100 North Vietnamese Tuesday near Dong Ha in the same battle area where allied units claimed 130 enemy dead the previous day.

In another clash near the village where the U.S. 3rd Marine Division is headquartered units of the division reported killing 92 of an estimated 400 enemy soldiers fighting from fortified bunkers.

The U.S. Command maintained its security blackout on news of Operation Delaware, in the A Shau Valley southwest of Hue.

45th Annual Music Week Observance

Sunday May 5 marks the beginning of the 45th annual observance of National Music Week, sponsored by the National Federation of Music Clubs and the Friday Music Club of Hope. The theme for the week is "Music — a Keystone for Living." Special attention is called to the tuneful boom that is America's continuing music explosion, making music second only to reading among the country's leisure activities.

In focusing public attention on music for one week of the year, more people are recognizing the importance of music in adding new meaning to their lives and relieving the tensions of the day.

President Johnson has written to the national president, saluting the federation for its leadership in fostering musical activity throughout the country. He states: "We are all reminded during this observance of the rich musical heritage we share and we are inspired to preserve and enhance it for future generations. I ask all my fellow Americans to carry forward the very meaningful message of National Music Week and to rediscover the timeless joy that music brings to our lives."

Many activities have been planned by Mrs. B. C. Hyatt, Music Week chairman, in cooperation with the music department of the Hope schools and the directors of music in the local churches. The observance will begin on Sunday afternoon at 3 o'clock.

Jerusalem Subject of UN Debate

UNITED NATIONS, N.Y. (AP) — The U.N. Security Council continues debate today on the situation in Jerusalem, meeting on the eve of a military parade that Israel plans to hold in the captured Arab sector of the city despite a council resolution opposing it.

Muhammad H. El-Farra of Jordan was the only speaker listed for the afternoon meeting, the council's third on the complaint he filed last week against the parade. He was expected to press the council for action to stop the march, which will commemorate Israel's 20th anniversary, but there appeared to be nothing effective the council could do.

El-Farra in a statement Tuesday night accused Israel of "glaring defiance of the authority and will" of the council, which on Saturday unanimously adopted a resolution calling on Israel not to hold the parade.

Israeli Ambassador Yosef Teakoh rejected the resolution.

Czechs Told Stalinists to Be Purged

PRAGUE (AP) — Czechoslovakia's interior minister promised Tuesday that his department and the police would be purged of old-line Stalinists. He also announced that wire-tapping equipment is now outlawed.

"Three or four deputy ministers together with other top officials will be replaced," Interior Minister Josef Pavel told the Czech news agency CTK. He added that personnel changes would go "down to the ground."

Pavel pledged a careful investigation of all officials who took part in the Stalinist purges of the 1950s and said all "defaulters" will have to answer to the law or will be dismissed from the police force.

The shake-up in the police department came to light on April 12, when Pavel disclosed that he was separating the secret police from the regular civilian police services. This move was recommended in the Action Program of party chief Alexander Dubcek, spokesman of the new liberal course. At that time Pavel also said he was trying to remove from the force "people who violated the law."

Three Appeal Conviction, Get Lawyer

LITTLE ROCK (AP) — Three Negro brothers, who claimed their constitutional rights were violated when they were convicted of raping a 74-year-old white woman, were appointed an appeal lawyer Tuesday.

Circuit Judge William J. Kirby of Little Rock appointed Dale Price, a Little Rock lawyer, attorney for Henry Lee Manning, 21, and Eddie Manning, 17, both of Althelmer, and Arthur Lee Manning, 22, of Scott.

Henry Manning told Kirby in a letter last week that their rights were violated when their attorney, E. V. Trimble of Little Rock, failed to appeal their 40 year sentences.

Kirby treated the letter as a petition and told Price to prepare a proper legal pleading and stating the issues in the case.

No Classes at Columbia; 720 Arrests

NEW YORK (AP) — Columbia remained a university without classes today as the administration of the strife-torn Ivy League school called upon faculty and students to meet for discussions of the campus crisis.

The administration acted in keeping with a resolution by a group of 500 senior faculty members asking for "a day of reason and reflection." The university said the school would be open but there would be no regular classes.

About 125 members of an ad hoc faculty group voted Tuesday to "respect" a student strike. There were indications, however, that the faculty of about 4,000 was substantially split over whether to back the strike. The senior faculty meeting did not endorse the strike.

A student strike was announced by J. Michael Nichols, executive vice president of the undergraduate Student Council, a few hours after 1,000 city policemen moved onto the campus during the night Tuesday and stormed five university buildings that had been occupied and barricaded by students.

A hundred youths and 15 policemen were reported injured, none seriously, in the club swinging, fist fighting, pushing, hauling and kneeling as the embattled demonstrators were routed from their strongholds. Police said some of their men were bitten by girl students.

A total of 720 persons were arrested on trespassing and other charges. Of the total, there were 628 arrests in the actual routing of the demonstrators and 92 on the edge of the melee.

Nichols said: "The strike we are calling for has a widespread basis of support. Consequently, it will not be necessary to seize any buildings. We may picket, but that has not been decided yet."

Undergraduate militants sought Tuesday to promote a general strike by students and faculty.

Their principal target was Dr. Grayson Kirk, president of the 25,381-student university, who had called in the police to break up the disruption caused by the 600 to 700 students whose sit-ins began April 23.

"Kirk must go! Kirk must go!" groups roaming the littered uptown Manhattan campus shouted.

Kirk—who had said he called in the police because the university was "paralyzed by the illegal acts of a minority of its students, aided and abetted by an unknown number of outsiders"—declared he had no intention of resigning.

Rockefeller Winner in Massachusetts

By PETER BREWER
Associated Press Writer
BOSTON (AP) — Gov. Nelson A. Rockefeller of New York, who wasn't a candidate when the polls opened, emerged as the apparent winner today on write-in votes in the Republican presidential race in the Massachusetts primary.

The Rockefeller victory would give him the 34 votes of the Massachusetts delegates on the first ballot at the Republican National Convention.

Sen. Eugene J. McCarthy, whose name was the only one printed on the Democratic ballot, made his expected showing, capturing a majority of the Democratic votes. He was assured the 72 votes of the state's Democratic convention delegation on the first ballot.

McCarthy also made a strong showing in Republican write-in votes.

Rockefeller, running ahead of Richard M. Nixon, Gov. Ronald Reagan, and Sens. Robert F. Kennedy and McCarthy as write-ins in the Republican balloting, also drew ahead of Gov. John A. Volpe. Volpe's name was the only one on the ballot in the Republican race.

The latest returns gave: Republican, 1,675 of 1,734 precincts; Volpe, 29,182; Nixon, 25,705; Rockefeller, 30,514; Reagan, 1,813; Kennedy, 1,378; McCarthy, 9,393.

Democratic, 1,675 of 1,734 precincts: McCarthy, 114,183; Johnson, 6,409; Kennedy, 62,172; Humphrey, 40,779.

With less than 100 precincts out of 1,734 precincts left to report, Rockefeller held a lead of more than 1,000 votes over Volpe. Nixon ran third.

McCarthy campaigned in the state, but Sen. Kennedy of New York, a native son of Massachusetts, did not.

Abroad U.S. Is Termed Violent

By ROBERT BERRELLEZ
Associated Press Writer
GUATEMALA (AP) — In a daring stroke almost two years after his election, President Julio Cesar Mendez Montenegro has assumed full control of the government, which he had been forced to share with military overlords.

As a result, a measure of peace has settled over this long troubled Central American country, where political violence between rightist and leftist extremists has taken at least 1,000 lives and possibly as many as 4,000, since Mendez, a Liberal, became president in July 1966.

The only violent deaths of political significance since the shift three weeks ago involved the leaders of a right-wing terrorist organization, slain while in police custody under official explanation but still clouded circumstances.

The move that quashed right-wing extremist influence in the government—at least for the present—came last March 28

Insurance Rate Suit Is Field

LITTLE ROCK (AP) — Approval of an increase in automobile insurance rates by State Insurance Commissioner Allan W. Horne resulted Tuesday in the filing of a taxpayers suit and two petitions in Pulaski County Circuit Court.

The suit, filed by Rep. Allan Dishing of Little Rock in behalf of five taxpayers, contends that Horne granted the 17.3 per cent increase in liability rates April 18 on inconclusive and incomplete evidence and refused to allow all of the evidence to be presented.

The suit also charges that Horne based at least part of his ruling on recommendations by Steele Hays, a Little Rock lawyer hired by the insurance department, who the suit said was not qualified through training or actual knowledge for the job.

Rep. Marion Crank of Foreman, a Democratic gubernatorial hopeful, has also charged there may have been a conflict of interest involved in Horne's ruling since Hays was an attorney for several insurance companies affected by the increased rates.

The petitions called for a temporary restraining order to keep the rates from going into effect until the matter is decided and asked that Horne be directed to hear additional evidence and testimony before granting an "exorbitant rate increase."

When President Mendez fired three top officials including Defense Minister Rafael Arriaga Bosque.

The president's decision, it is generally believed here, has stripped rightist terrorists of official protection and pacified the non-Communist left. It has also neutralized an effective source of Castroite recruiting propaganda: militarism in government.

Still to be seen is just how far-left militants, given a respite from military pressures, will respond to the changes.

The abduction of Guatemala's archbishop, Msgr. Mario Casariego, last month is regarded as a catalyst in bringing the explosive Guatemalan situation to an anticlimax few local or foreign observers had anticipated.

The kidnapping of the 58-year-old prelate was the far right's boldest and most desperate bid to bring down Mendez. The now-apparent objective was to make it appear the abduction was the work of the far left and thus turn Roman Catholic sentiment against the government, which the rightists claim is infiltrated by Communists.

There was little or no public response, however, because it was quickly established that the rightist terrorist group MANO was responsible.

The Guatemalan Curia exhorting Catholics to remain calm and refused to deal with the kidnappers who had issued an ultimatum that unless Mendez resigned the archbishop would be killed. He was released March 20.

The archbishop had been in Mexico on church business and was kidnapped March 16 as he was being driven from the airport to his home.

DANNY TURNER

Danny Turner, son of Mr. and Mrs. A. Z. Turner and a Hope High School senior, is the 1968 Future Farmers of America Outstanding Member.

Presentation of this award was made in an assembly at the high school this morning.

Several years ago the FFA chapter voted to give the award to a member, excluding any officer, who had made the most personal growth in character, leadership, and particularly dependability.

Danny has, according to the FFA executive board, met these requirements.

For example, as head of the cleanup committee for the recent rodeo, he more than fulfilled requirements. His crew arrived at the coliseum at 6:15 Sunday morning and had the place spotless by 8 when a general crew arrived. He was especially dependable

in the arena at the Rodeo in keeping between the bulls and the junior riders as they fell.

"I know that when I give Danny an assignment it will be done. He fulfills the real meaning of the key FFA word—dependable," explained Troy Buck, adviser.

Milwaukee Gets Open Housing Law

By KEN HARTNETT
Associated Press Writer
MILWAUKEE, Wis. (AP) — Milwaukee's racial demonstra- tions, who endured stones, slurs and the rigors of Wisconsin's winter during 200 nights of marches, have reached their goal. City Hall has granted a strong open housing ordinance. "We feel it is a significant vic- tory," said the Rev. James E. Groppi. The white Roman Cath- olic priest helped lead marches by the Milwaukee Youth Council of the National Association for the Advancement of Colored People.

Father Groppi was in the city's Common Council cham- bers with his young followers Tuesday when the council voted 15-4 in favor of a code outlawing discrimination in the sale or rental of all but two categories of Milwaukee housing.

Exempted under the measure, which was stronger than that recommended by Mayor Henry Maier, are single-family houses and owner-occupied duplexes.

The exemptions apply prima- rily to private sales transac- tions, not those through brokers.

Alderman Orville E. Pitts, one of two Negro members of a council revamped by election, estimated the law applies to 95 per cent of the city's housing sales.

"All that's left is one last chunk," he said. He predicted that too would soon be outlawed.

The council was expected to go no further than making pro- visions of a newly enacted fed- eral law operative at once, as the mayor had asked. The fed- eral law, which bans discrimi- nation in all but owner-occupied

Television and Radio

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—Ted Mos- sel, a talented, sensitive writer who quit television several sea- sons back for the freer, greener field of Broadway and motion pictures, will be back on the tube on May 15 with an original drama, "Secrets," the last of this season's "CBS Playhouse" series.

"I had something to say, something I thought was impor- tant, about privacy and the parts of peoples lives that they do not reveal to anyone else," Mosel said. "I think it makes an interesting play. And I also think that it is a drama with a theme that is adult enough that it would never have been pro- duced on television 10 years ago."

Mosel, along with Reginald Rose and Loring Mandel, are among the eminent TV drop- outs who have recently been lured back to the medium by "CBS Playhouse" which not only gives its writers freedom to express themselves but also pays extra large prices for scripts.

The CBS experiment quite frankly was designed more for network prestige than for Niel- sen points. And the series must be counted as an enormous suc- cess. It has already picked up a Peabody award and has been nominated for Emmys—and the three dramas shown have pro- duced Nielsen numbers much larger than anyone dared hope for.

Wolper Productions, which have had a hand in this season's National Geographic specials on CBS and ABC's "Undersea World of Jacques Cousteau" have formally protested the nominating procedures of the National Academy of Television Arts and Sciences which, some- how, overlooked the two series.

The Cousteau series, in par- ticular, was an extraordinary oversight by ABC since the list of some 250 Emmy nominations included any number of docu- mentary shows infinitely inferi- or to them.

John Carson will be off the "Tonight Show" for a vacation the week of May 13. His substi- tute will be former baseball player Joe Garagiola who has persuaded Jack Paar to return for one night.

HELEN HELP US!

by Helen Bottel

WORDS FROM WORKING WIVES

Dear Helen: Never thought I would write to a newspaper column, but "Working Wife's" complaint are our Social Secu- rity laws on retirement benefits for career-women wives changed my mind.

The law now says that when a working wife and her husband retire, she may either have ap- proximately half of his Social Se- curity pension—as his wife; or her own pension as a worker, whichever is greatest. But she always forfeits one to take the other. I say that she should be entitled to both, having earned them. Certainly, with ALL ac- cumulated Social Security bene- fits, a couple cannot scrape by these days unless they have other income. Example: Top benefits for a 65-year-old man and his never-employed wife of 65: \$2,- 711.80 this year. Had she work- ed, unless she earned consis- tent high wages, it would be very little more. Actually she has no- tained her "withholding"—or most of it—to the government.

I think working wives are be- ing discriminated against, by a government which says "dis- criminatory labor practices be- cause of sex are illegal." We are penalized under the Social Security system for being mar- ried working women.

Don't get me wrong: I don't want the "dependent wives' " allowance taken away. I main- tain we career-gal wives shoul- d'n't have it taken away either. To whom do we write, Helen, to get this archaic law changed? —WORKING WIFE

Dear Helen: I paid some Social Security for a couple of years which I'll never see, but I figure it all comes out in the wash. If "Working Wife" thinks she is cheated, how about those child- less people whose real estate taxes go mainly to support schools? —GLAD TO TAKE THE WIFE'S SHARE

in, plus interest. Needless to say, I'm stoking the old engine with vitamin pills! — GOTTA OUT-LIVE 'EM

Dear Helen: Perhaps Working Wife is not aware of the protec- tion she is providing for her children, in the event of her ear- ly death. There are many Social Security benefits other than re- tirement payments, such as pro- viding her widowed husband with financial help in the care of the kids.

If she is childless, and be- comes widowed, she still has a possible benefit over and above her dead husband's Social Se- curity. She can remarry and draw her own benefits, while the non-working wife loses her S.S. benefits if she re-marries. Then there is the possibility of di- vorce. She is protecting herself by having her own coverage —GLAD TO BE PAYING

Dear Helen: My husband worked for many years, all the while paying Social Security tax. At the time of his death, four years ago, I received \$255 as the S.S. payment toward funeral bills. Since I was working and had no dependents, I could draw nothing more.

Now, in a few months I will retire and draw my own Social Security, but nothing as my hus- band's widow. Thus you can readily see, the only amount available to my husband's fam- ily was the \$255 in spite of his paying into the system for 25 years.

Need I say more? —WORK- ING WIDOW

Dear Helen: I'm having a hearty laugh at the "Working Wife" who complains about her Social Security tax. She has work- ed for the luxuries while we true wives-and-mothers, who stay at home, have done with- out. These working wives walk around with their noses in the air, and every chance they get they belittle and stomp the "stupid housewife" into the dirt. They neglect their fam- ilies and their homes so they can have luxurious vacations and three or four cars. Then they're the first ones to scream "dis- crimination" when they have to pay taxes. —HA, HA, HA!

Dear Ha: Aren't you genera- lizing just a wee bit, dear? —H.

This column is dedicated to family living, so if you're having kid trouble or just plain trouble, let Helen help YOU. She will also welcome your own amusing ex- periences. Address Helen Bottel in care of The Hope Star.

Houston Puts on a Twin Killing

By DICK COUCH

Associated Press Sports Writer

With nowhere to go but up, Larry Dierker and the Houston Astros went for double or nothing... and made a twin killing.

The Astros, rebounding from a chaotic 17-2 loss to Cincinnati that deposited them in the National League cellar, backed Dierker's two-hit pitching with five double plays Tuesday night and blanked the Reds 3-0.

It was only the second victory for the Astros in their last 11 games and the first triumph for Dierker after three straight setbacks during which he was given a total of three runs' support.

In other NL night games St. Louis held off Los Angeles 2-1 and Pittsburgh overtook the Chicago Cubs 4-3. The New York Mets edged Philadelphia 1-0 and San Francisco trimmed Atlanta 7-0 in afternoon action.

Baltimore nipped the New York Yankees 6-5; Washington shaded the Chicago White Sox 5-4 in 12 innings; Oakland upended Detroit 3-1; Minnesota outslugged Boston 7-6 and California topped Cleveland 5-3 in American League games.

Dierker, a 21-year-old fireballer whose fortunes had sagged or whose fortunes had sagged after an opening day victory over Pittsburgh, limited the hard-hitting Reds to a pair of singles. He struck out seven and issued three walks, but the Houston infield turned over double plays in the second, third, fourth, sixth and seventh innings for a single game club record.

The Astros broke up a scoreless duel between Dierker and Cincinnati southpaw Gerry Arrigo in the eighth, tallying all their runs on Ron Davis' double and singles by John Bateman, Denis Menke, Jim Wynn and Doug Rader.

Ray Washburn stopped the Dodgers with ninth-inning relief help from Joe Hoerner and ran his pitching mark to 3-0 as the Cardinals won for the seventh time in their last eight starts.

St. Louis scored its first run on a three-base error by left fielder Jim Faley in the third inning and added what proved to be the winner in the sixth on Curt Flood's infield hit, a wild pitch by loser Bill Singer and Mike Shannon's bad-hop single past second baseman Paul Popovich.

The Dodgers ruined Washburn's shutout bid in the eighth, when Faley tripled and scored on an infield single by Popovich. Pittsburgh spotted the Cubs two ninth-inning runs, then rallied for three in the bottom of the ninth, Manny Mota driving in the last two with a two-out pinch double.

Run-scoring singles by Al Spangler and Don Kessinger gave the Cubs a 3-1 lead before the Pirates pulled it out on a single by Willie Stargell, a walk, Gene Alley's run-scoring single and Mota's double to center field off reliever Bill Stoneman. Ron Swoboda seized the major league home run lead and powered the Mets past Philadelphia with his seventh homer, second inning blast off Chris Short. Don Cardwell stopped the Phillies on five hits for his first victory after two losses.

The Giants stole four bases, setting up four runs, and buried the Braves behind the clutch pitching of Ray Sadecki, who gave up 10 hits but breezed to his third victory in four decisions after working out of jams in five of the first six innings.

Centenary Wins Over Henderson

By ARKADIA, Ark. (AP)

James Smith and Don Stanley hurled Centenary to a sweep of a doubleheader over Henderson, 4-3 and 8-1, in baseball here Tuesday.

Dell Gernann stroked a three-run homer for Centenary in the second inning of the second game, and David Essinger contributed a two-run homer in the same inning.

The Reddies lone score came in the bottom of the eighth on an error by Phillip Allen.

Celtics Need One Victory for the Title

By LARRY ELDRIDGE

Associated Press Sports Writer

BOSTON (AP) — Reserve Don Nelson's "greatest game" and a typically spectacular performance by John Havlicek have boosted the Boston Celtics to within one victory of the National Basketball Association championship. But Coach Bill Russell says it was a "very bad play" on his own part which clinched matters.

Havlicek's field goal Tuesday night with 38 seconds left in an overtime period had given the Celtics a 119-117 lead over Los Angeles. The Lakers' Elgin Baylor then drove in for what could have been the tying basket.

Suddenly Russell came out of nowhere to block the shot and that was it, with Nelson sinking a clinching free throw in the 120-117 victory.

The decision left the Celtics with a 3-2 lead in the best-of-7 series as they strive to regain the championship they lost to Philadelphia a year ago. The sixth game will be played in Los Angeles Thursday, with the seventh if necessary, scheduled in Boston Sunday.

"I was guarding (Mel) Counts and I came off him to block that shot," Russell said. "Actually, it was a very bad thing to do, but I thought I'd be sneaky, and it worked this time anyway."

Nelson picked up by Boston after being out by the Lakers two years ago, wound up with 26 points and 12 rebounds plus a strong defensive effort against his old mates.

Havlicek led Boston's scoring with 31 points, and also added 10 rebounds and eight assists. He went the entire 53 minutes.

New Orleans can wrap up the ABA title tonight at home against Pittsburgh. The Buccaneers lead the Pipers 3-2 in their best-of-7 series.

Never Be a Supersonic Golf Ball

By CHARLES CHAMBERLAIN

Associated Press Sports Writer

CHICAGO (AP) — There never will be a supersonic golf ball. The United States Golf Association has taken further steps in governing the speed of a ball and, thus, its distance.

The organization has bought a testing machine that will put a clamp on the manufacturing of golf balls that, possibly in the future, could be driven 350 yards.

"We want maximum distance control and the manufacturers want maximum quality control," said Joe Dey, USGA executive director, at the unveiling Tuesday of a computerized, \$44,000 testing machine developed by Illinois Tool Works.

"The current rule of golf limits the impact velocity of a ball to 250 feet per second, with a two per cent tolerance," Dey said. "The speed initially is about 170 miles an hour. This is about 260 yards of carry."

"If manufacturers were given a free hand with their inventive genius they could make golf balls that would go 300 yards on the fly—or about 350 yards in all," he added.

Twins Edge Boston on Key Hits

By HERSCHEL NISSENSEN

Associated Press Sports Writer

American League hitters are ahead of the pitchers, particularly when the pitchers are doing the hitting. And the California Angel hurlers may do some hitting of their own the next time Cleveland pitcher Sonny Siebert steps to the plate against them.

Minnesota's Dave Boswell, California's George Brunet, Baltimore's Bruce Howard and Chicago's Gary Peters all came through with big hits Tuesday but only the first two managed to pick up victories for their pitching.

And Siebert may have started a beanball war by allegedly brushing back California's Don Mincher three times in Cleveland's 5-3 loss to the Angels. Siebert also yielded two singles to opposing hurler Brunet, who scored both times.

Boswell drove in two runs with a homer and double but needed relief help as Minnesota edged Boston 7-6. Howard knocked in a run with a double but had to leave in the third inning after walking six batters as Baltimore outlasted New York 6-5.

Peters doubled to start a three-run seventh-inning uprising as Chicago took a 4-1 lead over Washington. But the Senators tied it in the eighth on Ken McMullen's two-run homer and won out 5-4 on McMullen's second homer of the game in the 12th.

Oakland's Paul Lindblad pitched 4 1-3 innings of perfect relief as the A's whipped Detroit 3-1 on Ramon Webster's three-run first-inning homer.

In the National League, Pittsburgh nipped Chicago 4-3, San Francisco trounced Atlanta 7-0, Houston clipped Cincinnati 3-0, St. Louis edged Los Angeles 2-1 and New York tripped Philadelphia 1-0.

California Manager Bill Rigney was seething about the Siebert-Mincher episode.

"Tell Siebert we owe him one," he snorted. "He's going down the first time we see him again. He leaned my big guy (Mincher) back three times. That's the guy who took one on the chin from Sam McDowell the last time we were here."

The Angels, trailing 2-1, scored the tying and lead runs in the sixth inning on Jimmie Hall's double and consecutive Cleveland errors by second baseman Chico Salmon and first baseman Tony Horton.

Lindblad retired Jim Northrup to end a Detroit threat in the fifth and knocked off the next 12 batters as well.

Chicago's Peters was two innings away from being a winning pitcher after Tommy Davis smashed a three-run homer in the seventh.

But the Senators bounced back on a single by Sam Bowens and Frank Howard's run-scoring double before McMullen homered on reliever Bob Lockery's first pitch to tie the score. His game-winning blast in the 12th was his fourth home run of the season.

Baltimore took advantage of a New York error and other misplays for three unearned runs and reliever Moe Drabowsky put down a ninth-inning Yankee uprising.

With the bases loaded and one out, pinch hitter Frank Fernandez attempted to squeeze the tying run home but bunted a soft liner to first baseman Boog Powell for an unassisted double play.

Boswell had to be balled out by Al Worthington in the sixth inning as the Twins swept their two-game series from the Red Sox. Ron Perranoski, another relief pitcher, got Carl Yastrzemski to pop up for the final out with the potential tying run on second base.

has been from 250 to 256 yards — on carry and roll — for a first class player.

Dey said that in the last five weeks, nine brands of golf balls failed to meet the USGA maximum velocity requirement.

The new tester eventually will be shipped to the New York area where the USGA can determine the coefficient of restitution of golf balls taken at random from display shelves.

"That coefficient thing simply means the measure of liveliness," said Dey.

Derby Entries Reportedly in Peak Form

By ED SCHUYLER JR.

Associated Press Sports Writer

LOUISVILLE, Ky. (AP) — It was four for the money and three for show. But the goal for all seven was peak form for Saturday's Kentucky Derby.

Calumet Farm's Forward Pass, Bwamazon Farm's T.V. Commercial and Saddle Rock Farm's Francis's Hat each worked a mile Tuesday at Churchill Downs to show their present condition to their trainers.

Proper Proof, Jig Time, Verbatim and Te Vega raced in the one-mile, \$16,350 Derby Trial over the same track on which the Derby will be run.

Although racing for money is the name of the game, Jerry Meyer, who trains Elmdorf's Verbatim, pinpointed the main reason for the race as far as the first four finishers were concerned.

"Today's race was not the ultimate with us. Saturday is the Derby. We were using today's race as a conditioner."

Mrs. Montgomery Fisher's Proper Proof won the Trial, finishing a half length in front of Charles W. Englehard's Jig Time, with Verbatim another neck back.

Verbatim saved the show by a neck over Frank C. Sullivan's Te Vega.

The starting field for the 1¼-mile, \$125,000-added Derby was shaping up as 14 after trainer Mac Miller announced late Tuesday night that Alley Fighter, Jig Time's stablemate, would not run.

Beside the traditional 100,000 crowd at Downs for the Derby, millions more will look and listen in on CBS television and radio. Post time is about 4:30 p.m. EDT.

Says Dodger Stadium Is Bad for Hitters

LOS ANGELES (AP)—Every-

one marvels at the Los Angeles Dodgers' pitching. But it occurs to outfielder Ron Fairly that Dodger Stadium is tailored for pitchers and unfair for hitters.

"You can't hit it out of here — you don't even try," he says. "So the idea is not to hit the ball in the air. But this year they've softened the infield. So now it's tough to hit a ground ball past the infielders."

Fairly, a veteran, leveled his complaint Tuesday night after St. Louis nipped the Dodgers, 2-1.

It was the fifth time in their first eight home games that the Dodgers have been held to one run or less. They've scored only 13 runs in the eight games, compared to 30 in the first 10 road engagements.

The opposition has scored 18

Blues Going

After That

Pot of Gold

S.T. PAUL-MINNEAPOLIS

(AP) — The St. Louis Blues go

after the pot of gold which a

year ago was the dream of ev-

ery one of the National Hockey

League's six expansion teams.

If the Blues can defeat the

Minnesota North Stars tonight

in Metropolitan Sports Center,

they will claim the West Divi-

sion championship. Even more

importantly, they will become

the first Western representative

in the Stanley Cup finals.

The prestige of being a mem-

ber of the first team in the West

to get a shot at the East Divi-

sion champions — this year the

Montreal Canadiens — may be

nearly as big an incentive for

the Blues' players as the money

they can win.

"Yes, it will be quite an honor

for the team that represents the

West in the Stanley Cup Finals,"

Blues' Coach Scotty Bowman

said Tuesday.

St. Louis takes a 3-2 lead into

the sixth-game showdown, need-

ing a victory tonight — or Fri-

day night back home in St.

Louis if a seventh game is nec-

essary — to take the West Divi-

sion series.

Some Want to Change Draft Laws

By WALTER R. MEARS
Associated Press Writer
WASHINGTON (AP) The Selective Service System has withstood a proposed major overhaul, but now a team of senators favors a change to permit men challenging their draft status representation by an attorney.

Nine senators, led by Sen. Edward V. Long, D-Mo., are sponsoring a bill that would guarantee potential draftees the right to be represented by counsel in any proceeding before a Selective Service board.

Legal representation currently is ruled out. One argument for this: The draft system contends it would not be fair to the poor, who couldn't afford attorneys.

Long's Judiciary subcommittee on administrative practice and procedure sees—in the Office of Economic Opportunity—a way around that objection.

Earl Johnson, who heads the poverty agency's division of neighborhood legal services, is among witnesses slated to appear at a May 16 hearing on the draft-counsel measure.

Johnson said in an interview his agency would attempt to provide counsel to youths facing the draft who could not afford it otherwise, should the bill be enacted.

But Johnson said he has no idea what the possible caseload might be if the bill were enacted. "We don't have unlimited resources," he said. "If the load became too great we wouldn't be able to handle them all."

Publicly, Selective Service is taking no formal position on the matter. But privately, officials there said it could create chaos for the draft boards.

Li. Gen. Lewis B. Hershey, the Selective Service director, is to testify on the measure and the bill's advocates expect him to oppose it.

A form letter currently is sent to lawyers or draftees who ask why they can't have counsel before draft boards. The letter notes that draft board members are generally without legal training.

"Our efforts through the years," it continues, "have been aimed at keeping the procedures so simple that it would not be necessary to have legal counsel at any hearing before the local board."

"We have always been of the opinion that it would be unfair to the many who cannot afford to hire attorneys if the sons of other families were permitted to have their cases presented by legal counsel."

However, the form letter adds, a government appeals agent is attached to each draft board, assigned to be "equally diligent" in protecting the rights of the government and the potential draftee. Sponsors of the bill question whether this kind of dual service is really possible.

Furthermore, Sen. Long voices belief the Supreme Court would hold denial of counsel unconstitutional.

Economy-Minded Sergeant Awarded

Fort Wolters, Tex. — A suggestion submitted by Sergeant First Class Billy L. Richardson, son of Mr. and Mrs. Bill Richardson, Route 3, Hope, has earned him a place on the Fourth U.S. Army Roll of Economy Champions. Sergeant Richardson, non-commissioned officer in charge of the Range Branch at the Army Primary Helicopter Center, received a Certificate of Achievement signed by Lieutenant General Lawrence J. Lincoln, Fourth Army commander, from Colonel Lloyd G. Huggins, Center commander. Sergeant Richardson's suggestion is expected to save the government \$15,695 this year. The sergeant is a native of Hope. He and his wife and son live at 108 Patrick, Wolters Village, Mineral Wells, Tex.

Many Hail Entry of Rockefeller

Associated Press
NEW YORK (AP) — Prominent Republicans across the nation have hailed Gov. Nelson A. Rockefeller's entry into the presidential race but some expressed doubt that he will be able to overtake Richard M. Nixon.

Some of those who commented on the New York governor's declaration Tuesday that he is a candidate for the nomination said his entry will lead to a healthful discussion of the issues.

Those with reservations about Rockefeller's chances said that Nixon has been campaigning hard for the GOP nomination and has built up considerable convention delegate strength.

Others brought up the question of what effect there might be on Gov. Ronald Reagan of California, whose status now is that of a home state favorite son candidate.

Nixon, who lives in the same New York apartment house as Rockefeller, said his neighbor's active candidacy will "make for a more exciting convention and will result in a more meaningful discussion of the issues."

The former vice president, who was in Harrisburg, Pa., conferring with Gov. Raymond P. Shafer, also said Rockefeller "can conduct a very vigorous campaign from his strong position as governor of New York."

"But I think I'll win the nomination," Nixon declared.

Reagan said at Sacramento that Rockefeller's entry will help assure that no candidate will sew up the nomination before the GOP national convention. Reagan also said that Rockefeller's declaration does not change his own position that he is not a candidate and cannot foresee any change before the convention.

Rockefeller's announcement brought comment from Sen. Robert F. Kennedy of New York and Sen. Eugene J. McCarthy of Minnesota, both campaigning for the Democratic presidential nomination.

Climax Near on Spending, Tax Issue

By JOSEPH R. COYNE
Associated Press Writer
WASHINGTON (AP) — The behind-the-scenes maneuvering over higher taxes and spending cuts is at that critical stage where a breakthrough—or another bust—could come any time.

Key administration leaders are confident Congress will approve higher taxes in this election year although there are indications they might have to backtrack further on spending before any agreement.

The lines of communication between the administration and Congress are open wide and both sides are talking and listening.

One source said both sides agree taxes should be raised and spending should be cut. The only problem now, he added, is to draft the type of package that can win acceptance from both liberals and conservatives.

Secretary of the Treasury Henry H. Fowler has continued his private meetings with Chairman Wilbur D. Mills, D-Ark., of the tax-writing House Ways and Means Committee. The latest was Tuesday.

Committee Chairman George H. Mahon, D-Tex., said no agreement on spending cuts has yet been reached but, "I'm of the opinion we'll find a solution." He indicated this might take several weeks.

He described the \$6 billion in spending cuts already voted by the Senate as "unattainable and unacceptable" and said the slashes proposed by Mills are "deeper than the Committee on Appropriations will accept."

Mills reportedly wants a \$5 billion cut and the administration is insisting \$4 billion is the maximum it can accept.

The administration reportedly will go along with a 10-4-6 formula—a \$10 billion cut in appropriations requested for the next fiscal year, a \$4 billion cut in

Telephone Strike End Is Close

By NEIL GILBRIDE
AP Labor Writer
WASHINGTON (AP) — Negotiators in the 2-week-old nationwide telephone strike reportedly have virtually wrapped up a wage settlement and are close to an over-all contract agreement that could come as early as today.

"We see the light now and I am hopeful we will soon be at the point where a total package is worked out," said President Joseph A. Beirne of the striking AFL-CIO Communications Workers of America.

"We are now seeing eye to eye on wage levels that the union can live with," the CWA chief added.

Beirne said negotiators for some 200,000 workers involved in the strike resumed formal bargaining Tuesday with Bell Telephone System representatives for the first time since the walkout.

Any contract settlement is expected to set a pattern for all the approximately 600,000 workers in the Bell System.

But President Gordon Freeman of the AFL-CIO International Union of Electrical Workers said the IUOE, representing some 88,000 telephone workers, wouldn't be bound by the results of what he called "secret" company negotiations with the Communications Workers.

Before the strike, the Communications Workers rejected a wage increase offer estimated by the company as worth 5.6 per

Eisenhower Suffered Heart Attack

By RALPH DIGHTON
Associated Press Writer
MARCH AIR FORCE BASE, Calif. (AP) — Former President Dwight D. Eisenhower is expected to be hospitalized here several weeks following a heart attack that an aide describes as mild.

The 77-year-old soldier-statesman suffered a "myocardial infarction," a blood clot in a heart artery, the March Air Force Base Hospital said. It was his third heart attack since 1955.

The bulletin issued late Tuesday was the first official word of his illness. It said "a general prognosis cannot be made at this time."

Although the bulletin did not specify when the attack occurred, it was assumed the retired five-star general was stricken Monday after playing golf in the morning.

Until Tuesday his ailment was described as "chest pains."

"He has had a good day with no chest pain," the hospital bulletin said. "Blood pressure has remained normal. He has no fever. He has been visited by Mrs. Eisenhower."

An aide, asked if Eisenhower's condition could be described as a mild heart attack, said "that's right."

The bulletin said the two-term president would remain at the base hospital for "several weeks," and then be transferred to Walter Reed Army Hospital in Washington for convalescence.

He and his wife, Mamie, earlier had planned to leave May 6 for their farm at Gettysburg, Pa. They have spent the winter as usual at their Eldorado Country Club home in Palm Desert, 40 miles south of March Air Base.

Eisenhower was reported on a light, low-calorie, low-sodium diet. Two heart specialists were flown from Walter Reed Monday night. The hospital announced Tuesday that Eisenhower was resting comfortably and in "excellent spirits."

A source close to Eisenhower said he had been busy the last few days and apparently had tired from the combination of activity and 100-degree heat at the desert resort.

President Johnson was informed Monday night of the illness of the man who led allied forces to victory in Europe in World War II. Johnson dispatched an Air Force plane to fly the Walter Reed doctors to March.

spending and a \$6 billion cut in appropriations approved in previous years but still unused.

Fowler expressed hope Tuesday in a talk before the U.S. Chamber of Commerce that action on taxes won't be blocked by squabbling over details and procedures or "marginal differences as to the degree of expenditure reduction required."

DOCTOR'S MAILBAG

Emphysema Sufferer Must Avoid Polluted Air

By WAYNE G. BRANDSTADT, M.D.

Q—What is the cause of emphysema? What are the symptoms and the treatment, if any?

A—This disease is caused by long, continued exposure to polluted air. In order to get the maximum pollution in the shortest period nothing beats cigarette smoking. The small air sacs in the lungs become valvelike in that the air taken into them does not flow out freely. The victim has a chronic cough. As the disease progresses shortness of breath on mild exertion becomes the chief complaint.

The treatment includes giving up smoking, the use of drugs that dilate the bronchial tubes, lying across a bed with the head near the floor to allow the bronchial secretions to flow out (postural drainage), respiratory stimulants and protection against respiratory infections. In far-advanced cases oxygen inhalation may be necessary.

For more detailed information write to the National Emphysema and Bronchitis Association, 5025 N. Paulina Ave., Chicago, Ill. 60640. With the decrease in the prevalence of tuberculosis, the National Tuberculosis Association, 1790 Broadway, New York, N.Y. 10019, is also working on this problem and can supply you with information.

Q—Is Arizona weather better for a person who has emphysema than southern Florida?

A—Persons with emphysema can, with appropriate treatment, be made more comfortable in any climate but, in general, body chilling should be avoided because it induces spasm in the bronchial tubes. Excessive dampness and excessive dryness should also be avoided. A search for a perfect climate often leads to disappointment.

WIN AT BRIDGE

Avoidance Play
Sets Contract

By Oswald and James Jacoby

Q—The bidding has been:
West North East South
1 ♠ 1 ♠ 1 ♠ 1 ♠
You, South, hold:
♠ A 8 7 6 4 ♥ K 10 5 3 2 ♦ 5 4 3 ♣ 3
What do you do?
A—Bid four spades, just as
you did with the slightly weaker
hand.

TODAY'S QUESTION
You bid four spades. West
and North pass. East doubles
again. You pass. West bids five
clubs and North and East pass.
What do you do now?

The late George Kling was one
of the great players of the
'20s. Today's hand is taken
from an article he wrote for
the Bridge World of April,
1930, entitled "The Lead of a
Singleton."

George was obviously a con-
servative bidder. He did not
double the four heart bid. He
opened the king of clubs.
When it held the trick, George
realized that his partner was
marked with the ace. In spite
of the fact that East had sig-
naled a come-on with the
eight spot, Mr. Kling shifted

to his singleton diamond.
South won in dummy and East
showed lack of any interest in
diamonds by playing his three
spot.

A heart was led and won by
West's ace. West proceeded
to lead his three of clubs. East
took his ace and gave George
a diamond ruff to defeat the
contract.

There was nothing sensa-
tional about this defense. To-
day it would be almost auto-
matic for any good player who
would reason that there would
be nothing to lose by waiting
with his ace of spades.

Mr. Kling pointed out in his
article that South would have
made his contract had he
played dummy's king of
spades after winning that first
diamond in dummy. This
would allow him to discard his
second club and make it im-
possible for West to put East
into the lead.

Mr. Karpin points out that
while this avoidance play
would work this time, it would
cost the contract if East held
the ace of hearts and West
had started with two dia-
monds. In that case East
would be in with the trump
ace to give his partner the
diamond ruff which would
only be available because the
avoidance play had given the
defense a chance to lead a
second diamond.
